

Communication & Language

This half term we will focus on teaching the skill of 'good listening'. We will be encouraging children to speak using full sentences and to answer questions about stories they have listened to.

These will be some of our core texts:

Literacy

We will introduce 'Drawing Club' to open up the magic world of stories. The aim is to enrich language, develop fine motor skills, and build upon phonic knowledge. We will also learn to write our name independently.

Phonics

We will be learning to recognise and write Read Write Inc set one sounds and to blend sounds to read CVC words for example h-a-t.

Reception Autumn 1 'Marvellous Me'

Maths

In our maths lessons we will be learning to:

Subitise amounts up to 5.

Develop counting skills and knowledge.

Make arrangements of 5 and talk about what they can see.

The teaching of maths will be practical using lots of different counting resources such as Numicon, Unifix and two sided counters.

Key questions & stem sentences:

What can you see?

Can you show me this number on your fingers?

What is the same? What is different?

___ has fewer than ___

___ has more than ___

Topic

Our topic this half term enables us to get to know each other and gives the children opportunities to talk about things that are important to them, like their families and homes. We will learn about people in the community that are there to help us (doctors, police and firefighters).
